You can choose to delete this content in order to make space for other titles. If you ever want to get this content back, do the following:

1. Plug your REB1100 into a phone line.
2. Click the Bookshelf icon in the lower right-hand corner.
3. Choose "Online bookshelf".
4. Choose "All Titles".
5. Your REB1100 will dial into your Gemstar account. At the top of the list, under "Periodicals", the first thing should be a Gemstar catalog. It will be named with a date followed by "eBook Central."
6. Choose to download this title by clicking in the box to the left of "eBook Central."
7. Go to the bottom of the list, and choose "Download title(s)".
8. The eBook Central catalog will load to your REB1100 and then will display. (This will take a few minutes!).
9. Scroll all the way down to the end of the catalog. The last titles listed will be the ones that originally came with the REB1100.
10. Find the title you want to replace, and click the word "Order" next to the title.
11. The "Add to Order Form" dialog box will appear. If this is the only title you want to replace, choose "Yes & View Order Form". If you want to replace additional titles, choose "Yes", and then go back to step 10 above.
12. On the order form, click the "Send Order" button.
13. After your order has been completed, a Purchase Receipt will display. To download the titles to your REB1100 now, click the "Download" button. You can also download these titles later by accessing your Gemstar account through the "Online bookshelf" option in your ebook.
