Put updated information in your tool box

Unlike the print versions of the manual, ChiltonLibrary.com is updated on a regular basis, ensuring that you always have the most current information “in your tool box.”

Plus, the newest version has an updated interface and other feature enhancements, including:

- ➔ Domestic and import vehicle information through current model year – updates monthly!
- ➔ Individual tabs for repair, maintenance, recall or TSB information
- ➔ Improved search functionality – Keyword search and nested tree menus allow for easier searching
- ➔ Easier to print – You can print what you need, instead of an entire section

- ➔ Clearer navigation – Consistent headings and breadcrumb trails are at the top of every page
- ➔ Common “trouble codes,” which allow you to quickly identify what your car’s computers are trying to tell you
