

# Need medical or health information?

## Then read on!

*"My cousin was diagnosed with lupus. I've looked at all the medical books on your shelves. Do you have more—and more current—information?"*

*"I want to begin an exercise program that includes yoga and aerobics. How should I begin, and what should I consider?"*

*"I heard about a new diet on television. Do you have more information about it?"*

**Quality medical and health information is only a click away!**

## **Powerful tools provide medical and health information!**

Managing your medical, health, fitness, nutrition and recreation information needs can be a daunting challenge, but the online resources available through your public library are a good place to start for reliable up-do-date information!

As a library user, you have access to a number of high quality online resources that complement the services of your librarian.

These online resources, available through your public library, are only a click away, and they're available whenever you need them.\*

All you need is a library card to access most of these resources from home.

\*Important: Information from these online resources should be used for background only. Always contact a physician or qualified professional before deciding on a medical treatment plan or beginning a diet or fitness/exercise program.

*"I need current information on fibromyalgia—specifically causes and promising treatment."*

Brought to you by your library and the South Central Library System, serving Adams, Columbia, Dane, Green, Portage, Sauk & Wood Counties.
