

## Using a Creative MuVo mp3 player to listen to OverDrive materials

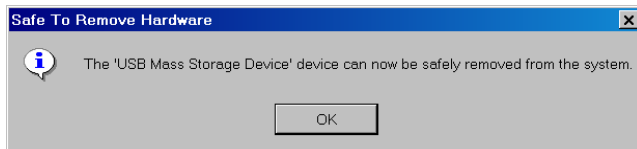

1. Slide the black part of the mp3 player (the "USB flash drive") out of the white part (the "Battery module").
2. Plug the USB flash drive into a USB port on your computer.
3. To load material onto the mp3 player, see the OverDrive FAQ, "How do I transfer the book to a supported device?" at: <http://overdrivefaq.pbwiki.com/>
4. When you're done loading up the mp3 player, in your computer's task tray, click the "Unplug or Eject Hardware" icon.

5. Select "Stop USB Mass Storage Device"

6. Click OK:

7. Take the black part out of your computer and plug it back into the white part.
8. To turn the mp3 player on, press and hold the Play/Pause button (on the front of the player, above the screen).
9. To play and pause/stop a chapter or song, press the Play/Pause button.
10. To skip forwards or backwards, use the Scroller (the grey wheel on the side of the player).
11. To adjust the volume, use the volume Increase and Decrease buttons on the side of the player.
