

Koha to Bibliovation Discovery Layer crosswalk for library staff

This crosswalk is a resource for library staff to use when using the new Bibliovation Discovery Layer. This crosswalk covers differences between Koha and Bibliovation but does not cover everything in Bibliovation. Please see beta.help.linkcat.info for additional instructions that can be used by both library staff and patrons.

	Koha	Bibliovation
Choose a library	Patrons cannot choose a library.	Click on the Library dropdown at the top of the screen on LINKcat's home page and select a library. <i>Choosing a library is optional.</i> When patrons choose a library, they will see the library's logo at the top of the page, and the library's items will be listed first on the title's details page. Example: REE is the chosen library. REE's item is listed first on the title's details page: https://ree-lakscls-sandbox.bibliovation.com/app/work/385868 Note that in the sandbox, there are only three libraries set up with this customization: COL, MAD, and REE.
Search by keyword	Keyword search labeled Library Catalog.	Keyword search labeled Keyword.
"Any format" dropdown menu	The Any format dropdown box on the home page of LINKcat has a limited number of options and is organized by format groups.	The Any format dropdown box on the home page of LINKcat has greater number of options and is organized in alphabetical order.
RSS feeds	Patrons can save a search as an RSS feed.	No option to save search as an RSS feed. Instead, patrons can save a search to their LINKcat account (see Saved Searches below).
Saved searches	No option to save a search to a LINKcat account.	From the search results page, click the Save this search button at the top of the search results list. If not logged in, you will be prompted to log in. Then you will be prompted to name the search. To return to your saved searches, log in to your account, and then click Saved Searches in the blue bar.

	Koha	Bibliovation
Advanced search options	Combine terms in the Advanced Search by choosing and, or, not in the dropdown menu.	Combine terms in the Advanced Search by choosing Include all (for AND), Include any (for OR) in the dropdown menu. NOT isn't an option in the dropdown menu, but you can enter NOT into the search box to do a search, for example eagles NOT rock music .
Public Lists	Patrons can create Public Lists. Patrons see the message "Public Lists will be deleted."	Patrons cannot create Public Lists. There are no Public Lists visible to patrons or staff.
Viewing Private Lists (now called Lists)	After logging in, click on the Lists button (under the Carts) button, or go to your account and click the "My Lists" tab in the left sidebar.	After logging in, go to My Dashboard , scroll down, and click My Lists . Note that because there are no longer any Public Lists, the term "Private Lists" is no longer used. Only the term "Lists" is used.
Carts	Cart button is always visible.	Cart icon only appears after items have been added to the Cart.
Patron account in LINKcat	Checked out, holds, fines/fees are accessed via different tabs on one "my summary" page. The "Fines" tab only appears when patrons have fines/fees on their account.	Patron account is now called My Dashboard . Checked out, holds, fees, are different web pages accessed from My Library Dashboard page: <ul style="list-style-type: none"> ● Click Checked out for a list of checkouts. ● Click On Hold for a list of holds. ● Click Fees for a list of fines and fees. The Fees link appears all of the time, even if a patron doesn't have any fines or fees.
Accessing list of checked out items	After logging in, the Checked out tab of the "My summary" page appears by default when you access your LINKcat account.	After logging into your account, click on your name and select My Dashboard from the drop down. Click on Checked Out from your library dashboard.
