Monday, May 25, 2020

The Marshall Community Library building will open to the public starting on Monday, June 1st, 2020. The library will open with its regular hours and regular services including public internet computers, printing, copying, faxing, and VPO services.

Staff and patrons are encouraged to practice social distancing and best hygiene practices as recommended by the CDC and PHMDC. Masks are encouraged but not required.

Curbside services will continue to be available for holds pick up for patrons not wanting to enter the building. Patrons should continue to contact the library by phone, 608-655-3123, to schedule curbside pick up times. In addition, M-W mornings from 9-10am will be reserved for vulnerable patrons.

At this time, storytimes and book clubs will continue to be virtual, and the Beanstack app will be promoted for our Summer Library Program.

Thank you for your patience and understanding.
