

SCLS Technology Services Startup Costs

Final, April 15, 2019

Technology Services (Network Fees)*

Libraries participating in SCLS Network or PC services must also participate in Technology Infrastructure Services.

Libraries must pay for any internal network cabling, any software that is not part of the standard software packages, wireless access points in the library, computers, printers, and other peripherals.

The startup year's fees for Technology services will not exceed the actual cost of network hardware (approximately \$3,500 per site).

ILS Services*

Libraries participating in SCLS ILS services must also participate in Technology Infrastructure Services.

The Startup year's fees for the ILS services will not exceed: 25% of annual ILS fee AND any third party migration costs.

PaperCut Print Management

Libraries participating in PaperCut Print Management will pay startup fees and maintenance fees directly to the vendor, TBS.

EnterPrise Wireless*

Libraries requiring EnterPrise Wireless access points will pay approximately \$750-\$1500 per access point which includes actual cost of the equipment and the license. Some libraries may be required to conduct a site survey at their own expense.

GetIt Acquisitions

Libraries participating in GetIt Acquisitions for the first time will pay the \$500 startup fee required by PTFS LibLime.

*SCLS will re-purpose existing equipment and/or find funding opportunities where possible.
